TRANSPORTATION SERVICE AND FEE

The school may provide bus transportation from home to school and back for a fee based on the number of students who are enrolled in the service. The availability of this service depends on meeting a minimum number of students living within close proximity to one another. Parents who are interested in this service should notify the Admissions Associate to reserve a space. Once the minimum is met, the school determines the transportation fee and provides the schedule for pick-up and drop-off. Families are expected to comply with timeliness to the schedule as well as the rules of the school and the bus company.

ENGLISH LANGUAGE SUPPORT

Once students are enrolled, they will be assessed for their level of English language proficiency (this mainly applies for students in grades 1-8). Students may then be assigned to one or more of the following: 1) Pull-out Tutoring during the school day for 1-2 periods; 2) After-School Small Group Tutoring to assist with homework. There is no additional fee for these services.

LUNCH PROGRAM

Families can sign up for the Lunch Program through the school. Parents must place their orders online at ParentsWeb between the 10th and 20th of each month.

PARENT SERVICE HOURS

International families are not required to participate in this program. However, if families wish to purchase Scrip to help support the school or participate in any volunteer activities, they are welcome to do so.
