Dear NHSP Families,

Thank you for joining us last week for our All-School Parent Meetings to learn more about the school reopening process. We hope that it was helpful in your understanding of all the issues related to being on campus in the Fall. We are working on providing a written piece that addresses the most common questions in an FAQ document. This will be available in the Family Portal and on the school's website once it is developed.

Also, as stated in the presentation, we are planning to provide further details on the NHSP School Reopening Plan in late July and hope to start school on Tuesday, Sept. 1 with mandatory parent and student orientations the week prior.

Today's email contains other updates on school happenings as a way of keeping you all informed.

Summer Reimagined

Due to limited interest, we will not be holding the Summer Reimagined online program this summer. We hope to see you all next summer at NHSP Summer Camp 2021!

Faculty 2020-2021

As mentioned in our presentation last week, there are some uncertainties as to what the needs for staffing will be for 2020-2021. With creative scheduling, we believe that we can address all of the classroom needs without considerable additional staffing. More details on this will be available later in July. At the present time, here is the list of faculty and their assignments for the new year:
