

New Horizon School Pasadena holds a unique position of serving the social, emotional, spiritual, and academic needs of children in a balanced Islamic environment. Continuing to be adaptive in times of uncertainty is critical and realistic for NHSP to maintain the learning continuity and sense of community for our students.

While the school continues to provide educational services through remote learning due to LA County restrictions, we are in the process of making the necessary preparations for a return to campus once we are authorized to do so.

In addition to the school's regular annual fundraising initiative, the 2020 Annual Giving Fund: We're Better Together (Goal: \$250K), we have established a Safe on Campus Fund (\$150K) to meet the extraordinary costs associated with re-entry. These costs range from UV lights and electrostatic sprayers to PPE and handwashing stations and much more.

SAFE ON CAMPUS FUND ITEMS NEEDED

150K

Installation and Purchase of Outdoor Washing Stations
