

## AUTHORIZATION TO RELEASE INFORMATION

### INSTRUCTIONS

To apply for the Flexible Tuition program at NHS, families must complete the online application through FAST, a third party company that gathers and assesses financial information as a service to schools. In order for the school to apply for funds from grants or other charitable organizations to offset the loss in tuition from discounts, families must provide authorization for the school to share some of the FAST information to these entities (e.g., income, expenses, number of dependents, etc.).

At this time, the Aldeen Foundation is one of these organizations. In addition to releasing financial information, families are also providing a release for a student's GPA as part of their merit-based program. Please sign this form to authorize NHSP to release financial and academic information to Aldeen Foundation and upload through the FAST portal.

**Note: Please do NOT submit this form to the NHS Business Office.**

**AUTHORIZATION TO RELEASE FINANCIAL INFORMATION AND GPA TO ALDEEN FOUNDATION** I hereby authorize New Horizon Pasadena to release our financial information provided through FAST and the most recent official grades/GPA of our children to Aldeen Foundation for the purpose of verifying eligibility for their financial aid funds for New Horizon Pasadena. All information remains confidential.
